BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Christopher Molina

Christopher interned at Bartlett Tree Experts in 2021 while completing his Bachelors in Forest and Natural Resource Management from The SUNY College of Environmental Science and Forestry (ESF). Additionally, he has an Applied Associate's degree in Forest Technology from the SUNY ES Ranger School. When he returned to Bartlett after school for full-time employment, he enjoyed learning all about the different challenges and facets of the business. Now he is looking forward to the newest set of challenges he will be facing as an Arborist Representative in the Farmingdale office.

In this new role, Christopher is excited to further his education and assist our clients in managing and creating a space they can enjoy and be proud to call their own. Thanks to Bartlett Tree Expert's scientific approach to problem solving in the tree and shrub care world, we are confident he will provide excellent service for his customers.

Christopher grew up in Farmingdale and had a love of sports and the outdoors from a young age. He considers himself a passionate outdoorsman and is always willing to go to an evening Mets game. When he is not working some of his favorite ways to spend his free time is on the golf course or hiking with his dog.
