Meet Your Bartlett Arborist Representative

Nick Salevan

Nick has a true passion for the green industry and many years of experience in pest management, precision agriculture and arboriculture. He relocated from Tampa, FL to Charlotte, NC in 2016 and in 2020, wanting to focus on arboriculture, joined Bartlett Tree Experts. Nick began as a Plant Health Care Specialist and ornamental pruning expert prior to becoming an Arborist Representative.

With his qualifications and the diagnostic support of the Bartlett Research Laboratories, Nick and his team can answer your tree and shrub care questions and provide recommendations that will keep your landscape healthy, safe, and beautiful.

In his free time, Nick's interests in backpacking, gardening and setting up large aquariums keep him thinking, creative and active. He lives happily with his girlfriend and stepdaughter.
