Meet Your Bartlett Arborist Representative

Matthew Marcelliano

As an ISA Certified Arborist with over six years in the tree care industry, I bring a deep-rooted passion for arboriculture and a strong commitment to helping clients care for their trees with integrity and expertise. My journey began in Colorado, where I lived for five years and discovered my calling in tree care. Surrounded by diverse ecosystems and rugged landscapes, I developed a profound respect for the science and art of arboriculture - a love that continues to grow. Matthew joined Bartlett in 2025.

I've since dedicated myself to providing thoughtful, knowledgeable guidance to property owners looking to maintain the health, safety, and beauty of their trees. Whether diagnosing complex issues or crafting long-term tree management plans, I pride myself on blending technical knowledge with a personal touch. My goal is always to build trust, educate clients, and advocate for the long-term well-being of trees and the landscapes they support.

When I'm not working, I'm all about getting outside and having a good time. I love snowboarding in the winter, hiking when the weather's nice, and riding my motorcycle whenever I can.
