BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Harrison Shaw

Harrison was raised with a love for nature and the outdoors in Grafton, Massachusetts. He found his passion for earth sciences early in life and pursued it at Plymouth State University, where he studied business and botany. During his time at Plymouth State, he discovered arboriculture while working for a nursery where he learned how to ornamentally prune, transplant and cultivate a healthy environment for trees and shrubs. After earning his degree, Harrison joined Bartlett Tree Experts in 2022 in the Nantucket office. As he advanced within the company, Harrison held positions including Arborist Climber, Crew Leader, and Plant Health Care Specialist prior to Arborist Representative in the Ashland office.

Harrison is a Certified Arborist with the International Society of Arboriculture and the State of Massachusetts. He offers personalized landscape solutions that help clients improve the beauty of their landscapes.

In his free time, Harrison enjoys the company of his friends and family. He also loves plant pathology, snowboarding, playing guitar, and exploring the outdoors with his beloved dog, Yeti.
