BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Mackenzie Sopko

Mackenzie developed a passion for the outdoors at an early age through camping and fishing with his family and from exposure to the Cleveland Metroparks. This led him to The Ohio State University, where he earned a Bachelor of Science Degree in environmental science with a specialization in ecosystem restoration. He began his career in the tree care industry in 2016 in New Jersey, then joined Bartlett Tree Experts in 2022. He has gained valuable arboriculture knowledge and skills as he has advanced within the company. Mackenzie held positions as a Climber, Plant Health Care Specialist, Crew Leader, and Local Office Safety Coordinator within Bartlett before becoming an Arborist Representative.

Mackenzie has been an ISA Certified Arborist since 2018 and strives to continue and enhance his knowledge within the industry. He is dedicated to helping his clients maintain the health of their landscapes and to achieve their tree and shrub goals.

Mackenzie is an outdoor enthusiast. In his free time, he and his wife enjoy backpacking, hiking, and kayaking in all weather conditions.
