BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Steve Smith

Steve has always been passionate about the green industry, but he truly found his calling when he enrolled in the Urban Forestry Technician program at Fleming College in 2011. After completing school in 2014, Steve moved to Alberta and began working full-time in arboriculture with Bartlett Tree Experts. He worked as an Arborist Climber for five years before becoming the Local Office Safety Coordinator. This position required him to work with and train other members of the Crew in safety procedures. Steve began his role as an Arborist Representative in 2020 while he was still overseeing the office's safety and training programs. He looks forward to advising his clients and helping them achieve their goals for their landscapes.

He is an ISA Certified Arborist, Certified Pesticide Applicator, and holds his Tree Risk Assessment Qualification.

Steve enjoys learning about the world of trees and sharing his enthusiasm with those around him.
