BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Thomas Serpe

Thomas started in tree care working for his father's company in 1979. Thomas took over the leadership role of the company in 2000 and continued to provide quality services in Westchester County. He sold the family business in 2019 and remained with the acquisition as a sales representative. In 2023, looking for a better fit with his core approach to tree and shrub care, Thomas joined Bartlett Tree Experts.

Thomas is an ISA Certified Arborist and a licensed New York Pesticide Applicator. He applies his knowledge, experience, and love of nature to keep client landscapes healthy and safe. Thomas enjoys getting to know his clients and providing advice to help them achieve their goals for their properties. It is his belief that nature has a plan, and that is always in the forefront of his mind when assessing trees and shrubs.

In his free time, Thomas enjoys being with his family, taking care of his indoor and outdoor plants, and working on vintage cars.
