BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

David Mendell

David was introduced to the green industry while caring for a local garden center in high school. As his knowledge of plant material grew, so did his interest in arboriculture. After high school he attended the Stockbridge School of Agriculture, earning an associate's degree in Arboriculture and Park Management. While in Stockbridge, David spent his summers interning at Bartlett Tree Experts in Cape Cod, working as a Field Arborist. He further pursued his interests at the University of Massachusetts-Amherst, earning a Bachelor of Science in Urban Forestry. After graduation, he worked for ten years in the tree care industry throughout Boston, where he polished his skills as a Tree Climber and Plant Health Care Specialist. David has been working with Bartlett Tree Experts since 2001 at the Seekonk, Massachusetts office as an Arborist Representative.

Dave is a Certified Arborist. He manages properties throughout Rhode Island and Southeastern Massachusetts with the health and safety of his client's properties as a top priority.
