BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

David Miller

David has been in the tree care industry for over 34 years and attended Unity College in Maine, majoring in forestry. He started as a Groundsperson performing root crown excavations and assisting Climbers. Working his way up quickly, he began to manage his own pruning and tree removal crews in the Desert Southwest for a large commercial tree service. David started working as a Plant Health Care Specialist when he moved back to the area in 1995. Before joining Bartlett in 2016, he worked with two local tree companies helping to implement their plant health care programs that emphasized a scientific approach and the importance of good customer relations.

David is an ISA Board Certified Master Arborist, is Tree Risk Assessment Qualified (TRAQ) and is a licensed PA commercial pesticide applicator. He is dedicated to helping his clients maintain and enjoy their properties. David is passionate about both the development of young landscapes and the preservation of mature ones.

David lives in Ardmore, PA with his wife, daughter, their lab mix. He spends most of his spare time camping with family and traveling to see rock shows. He also enjoys long walks with his dog Olive.
