

Meet Your Bartlett Arborist Representative

Jesse Komiega

Jesse was born and raised in Bristol, RI, where his appreciation for New England's rich and diverse tree landscape sparked his passion for arboriculture. He began his career with Bartlett Tree Experts in 2023 as a Groundsperson and quickly advanced to an Arborist Climber, gaining experience in both technical climbing and field operations. His commitment to growth led him to work across multiple Bartlett divisions throughout New England, allowing him to expand his expertise while building strong professional relationships. In 2025, Jesse began serving as a part-time Arborist Representative while continuing his field responsibilities to maintain a hands-on understanding of client and tree care needs.

Jesse is a Certified Plant Health Care Technician and holds multiple field certifications in climbing and mechanical operations. He is currently completing his CDL certification and plans to sit for the ISA Certified Arborist exam in early 2026. His long-term goal is to become a full-time Arborist Representative by the end of the 2026 fiscal year, providing clients with science-based recommendations backed by the resources of the Bartlett Research Laboratories.

Outside of work, Jesse enjoys spending time outdoors, particularly hiking, camping, and playing pickleball and bocce, and he values time with his family.
