BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Keith Hogan

Keith spent his childhood between Southern California and the Philippine Islands. He moved to Michigan in 2001, where some friends at the local climbing gym told him about a Company that would pay him to climb trees. That Company was Bartlett Tree Experts, and Keith was hired as a climber trainee a few weeks later, in the spring of 2008. Keith has worked as a Climber, Crew Leader, Plant Health Care Specialist, Arborist Representative, and Local Manager.

Along the way, Keith earned certification as an ISA Certified Arborist, is Tree Risk Assessment Qualified (TRAQ) and is a licensed commercial pesticide applicator in the State of Michigan. With the backing of the Bartlett Tree Research Laboratory, he is committed to helping his clients find solutions to maintain the health and safety of their trees through leading edge scientific methods.

Keith lives in Holland Michigan with his wife, son and daughter. When he is not supporting his kids at one of their many sports, he enjoys spending time with his family on the water or camping.
