BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Kenneth MacPhee

Ken developed a love of the outdoors while growing up in Barnstable, MA. He began his career in the green industry with Seabury Farms where he grew native plants and carried out beach erosion projects to preserve Cape Cod's natural seascapes. He worked his way up to manager before accepting a position as Landscape Manager with Bayberry Gardens. Ken stayed with Bayberry for fourteen years before joining Bartlett Tree Experts in 2012. In addition to his twenty-five years of experience, Ken is a Certified Horticulturist through Cape Cod Community College's Horticulture Program. His extensive training at the F.A. Bartlett Tree Research Laboratory has given Ken detailed knowledge of the diagnostics and treatments necessary for comprehensive plant healthcare. His favorite landscapes are the rolling bearberry and pine forests of the lower Cape. Ken currently lives on the Cape with his wonderful wife and daughter.
