Pesticide Product Registration

Doc id: 525876

Pesticide Name and EPA Registration No.:

Roundup ProMax Herbicide
EPA Reg. No. 524-579

Nature of 2(ee) Variation from Product Label:

New weed species:

Black Swallow-wort (*Cynanchum louiseae* Kartesz & Gandhi)
Pale Swallow-wort (*Cynanchum rossicum* (Kleopov) Barbarich)

Proposed Application Rate:

4% by volume (v/v) in water

Directions for Use:

For control of pale and black swallow-wort, apply spray to uniformly cover the target vegetation foliage using Roundup ProMax (EPA Reg. No. 524-579) at a rate of 4% by volume (v/v) in water.

Do not apply in wetlands, water, or waterways. Roundup ProMax cannot be applied to standing or moving water. Do not apply below the mean high water mark.

Follow all applicable directions, restrictions, and precautions on the product label.
