

Water Soluble
Granule

Roundup
QuikPROTM
Herbicide

*Roundup QuikPRO herbicide is a fast-acting,
non-selective professional herbicide for use in
non-crop areas and industrial sites.*

Roundup QuikPRO herbicide
Dead Weeds — Quick

ACCEPTED
FOR REGISTRATION

10/20/11

New York State Department
of Environmental Conservation
Division of Materials Management
Pesticide Product Registration

Doc. ID: 528652

Keep Out of Reach of Children.

CAUTION! See back panel booklet for additional
precautionary statements.

Manténgase fuera del alcance de los niños.

¡PRECAUCIÓN! Vea trasero el librito del panel para las
declaraciones preventivas adicionales.

ACTIVE INGREDIENTS:

*Glyphosate, N-(phosphonomethyl) glycine, in the form of its ammonium salt.....	73.3%
Diquat dibromide [6,7-dihydrodipyrido (1,2-a;2',1'-c) pyrazinedium dibromide].....	2.9%
OTHER INGREDIENTS:	23.8%
	100.0%

*Equivalent to 66.6% of the acid, glyphosate,
1.0 pound of Roundup QuikPRO herbicide contains
0.73 pound of the ammonium salt of glyphosate
and 0.03 pound of the dibromide salt of diquat.

See label booklet for precautions and instruction in English and Spanish.
Vea el librito de la etiqueta para las precauciones y la instrucción en
inglés y español.

NET WT 6.8 LBS

Container filled by weight, not volume.

98005J7-9/53

**FRONT COVER
(PAGE 1)**

**BACK COVER
(LAST PAGE)**

Roundup QuikPro herbicide is a fast-acting, non-selective professional herbicide for use in non-crop areas and industrial sites.

Complete Directions for Use

AVOID CONTACT OF THIS HERBICIDE WITH FOLIAGE, STEMS, EXPOSED NON-WOODY ROOTS, OR DESIRABLE PLANTS AND TREES, BECAUSE SEVERE INJURY OR DESTRUCTION MAY RESULT.

EPA Reg. No. 574-535

2011-1

Read the entire label before using this product.

Use only according to label instructions.

Read the "UNIT OF MEASUREMENT AND DENSITY" statement at the end of the label before using this product. Do not use this product if the label is torn, faded, or otherwise illegible. This is an EPA-registered herbicide. Do not use this product if the label is torn, faded, or otherwise illegible. Do not use this product if the label is torn, faded, or otherwise illegible.

IF SWALLOWED	• Call a physician or contact Poison Control for expert advice. • Have person sit or stand in a position of comfort. • Do not induce vomiting unless told to do so by a Poison Control Center or physician. • Do not give anything by mouth to an unconscious person. • Check for breathing. If not breathing, begin artificial respiration and call 911. • Do not attempt to give anything by mouth to a person who is unconscious.
IF INHALED	• Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, if possible. • Administer oxygen, if available. • Call a Poison Control Center or physician for expert advice.
IF IN EYES	• Flush eyes open with water, milk, or saline for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. Then continue flushing. • Call a Poison Control Center or physician for expert advice.

FIRST AID	
IF SWALLOWED:	- Do not induce vomiting or take any other action unless advised to do so by a physician. - Do not let anyone swallow the product. - Do not get anything by mouth if you are unconscious. - Quick treatment is essential to contact poisoning and should be initiated by first aiders and physicians immediately.
IF INHALED:	- Move person to fresh air. - If person is not breathing, call 911 or an ambulance. Then give artificial respiration, preferably by mouth-to-mouth if possible. - Call a Poison Control Center or physician for further treatment advice.
IF IN EYES:	- Hold eye open and flush slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. - Call a Poison Control Center or physician for treatment advice.
- Have the product name and label always when calling a poison control center or physician for advice. - Call only the nearest (800) 424-9200 toll-free number for emergency medical treatment information. - Call the poison center listed at Roundup QuikPro label, EPA Registration No. 528-335.	

User Safety Recommendations

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove shoes immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

Environmental Hazards

This product is toxic to aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to areas adjacent to water. Do not apply directly to or near crops, livestock, or other animals. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with labeling. Do not apply the product in a way that will cause drift or other damage to other crops or the environment. Only trained handlers may use this area during application. For any requirements specific to your State or Province, consult the agency responsible for pesticide regulations. Entry Restrictions: Keep all unprotected persons out of operating areas or vicinity where there may be drift. Keep people and pets off treated areas until spray solution has dried.

Storage and Disposal

Proper pesticide storage and disposal are essential to protect against exposure to people and the environment, to avoid leaks and spills, excess product, fire, waste, and vandalism. Do not allow this product to contaminate water, foodstuffs, feed, or any storage or disposal. **PESTICIDE STORAGE:** Store pesticides away from food, feed, fuel, feed, seed, fertilizer, and veterinary supplies. Keep container closed to prevent spillage and contamination. **PESTICIDE DISPOSAL:** To avoid wastes, use all material in the container, including residue, by application or accordance with label directions. If waste cannot be avoided, offer containers, product, or waste disposal facility nearest to disposal program. Such programs are often run by state or local governments or by industry. All disposal must be in accordance with applicable Federal, State, and local procedures. **CONTAINER HANDLING:** Do not reuse containers. Do not reuse this container for any materials other than pesticides or other pesticides. After emptying and cleaning, it may be allowable to temporarily hold residue or other pesticide-related materials in this container. Contact your state regulatory agency to determine allowable practices in your state. Offer for recycling if available.
