FIFRA 2(ee) Recommendation for the Control of Japanese Knotweed (*Fallopia japonica*) and Giant Knotweed (*Fallopia sachalinensis*)

Sightline

EPA Reg. No. 74779-8

Directions for use

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of pesticide application.
- Follow all applicable directions, restrictions, and precautions on the product label approved for use in New York.
- For control of Japanese knotweed and giant knotweed, applications can be made at all sites listed and via all application methods and rates listed on the Sightline product label.
- Follow all applicable maximum yearly and per application use rate limits for each use site listed on the Sightline label.
- Use mechanical cutting to bring the knotweed down to less than 3 feet in height.
