Manufactured for Arborjet, Inc. 99 Blueberry Hill Road, Woburn, MA 01801 SCPL ABJ 1309A-L1C 1210

APPLICATION IN TREES

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.

The user should have this recommendation in its possession at the time of use.

This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.

DIRECTIONS FOR INJECTION USE

Use the medium to high rate of TREE-äge G4, as indicated on the label for use against pinewood nematode. For more uniform distribution in the canopy (foliage), dilute product with equivalent 1 to 9 volumes of water prior to application.
