

# Meet Your Bartlett Arborist Representative

## Gary Adams

### *Arborist Representative*

Gary Adams earned a Bachelor of Science in Forestry Science from Penn State University, which led to the creation of Urban Tree Care, a company that he owned and operated for 10 years until it was acquired by Bartlett Tree Experts in 1997. It was then that he joined the Bartlett team as a Certified Arborist. He is also a Certified Commercial Pesticide Applicator in PA, WV and OH.

Gary thoroughly enjoys his work. He likes meeting people and working with them to promote the health of their trees and shrubs. He is an avid outdoorsman and takes great pleasure in beautifying his own property in his free time. He educates the community about Arboriculture and Horticulture through speaking engagements for local community groups including Boy Scouts troops, garden clubs and area park and recreation boards.

## About Bartlett Tree Experts

Founded in 1907, Bartlett specializes in preventive health care for your trees and shrubs including soil management, insect and disease management, and general tree maintenance such as pruning, cabling and bracing, lightning protection, planting and removal. Bartlett brings the resources of world-class research right to your home via its Certified Arborists and Arborist Representatives. Bartlett is a family-owned, international company with over 100 offices located throughout the United States, Canada, England, and Ireland.
