

Meet Your Bartlett Arborist Representative

Jason R Brown Arborist Representative

Jason has been practicing arboriculture for over a decade, earning his ISA Certified Arborist in 2007. For most of his professional career he has been a crew foreman; supervising jobs both large and small. Leveraging his deep understanding of tree care, he offers superb service based on Bartlett's core values of science and practice. Some of his most proud achievements are tied to his work with "Ascending the Giants", documenting and recording champion old growth trees. He brings this same passion of care to your property. During his personal time, he enjoys teaching medieval swordsmanship, photography, hikes, and time with his family.

About Bartlett Tree Experts

Founded in 1907, Bartlett specializes in preventive health care for your trees and shrubs including soil management, insect and disease management, and general tree maintenance such as pruning, cabling and bracing, lightning protection, planting, and removal. Bartlett brings the resources of world-class research right to your home via its Certified Arborists and Arborist Representatives. Bartlett is a family-owned, international company with over 100 offices located throughout the United States, Canada, England, and Ireland.
