

Meet Your Bartlett Arborist Representative

Aaron Smith

Forestry and tree care have always been an important aspect of Aaron's life. His passion for the industry developed when he was young, while working part time on a tree farm and planting trees throughout Northern BC. Later in life, he studied at Kwantlen Polytechnic University in order to pursue a career in the field of arboriculture. He received the Wesley Hawley Memorial Award from Kwantlen, finishing the program at the top of his class.

While completing his studies, Aaron also worked at Bartlett Tree Experts. There, he concentrated on diversifying his skill set and advancing through the ranks of the company. Aaron's hard work and experience has earned him the position of Arborist Representative. He hopes to share his passion and level of knowledge with his clients to help them meet their landscape goals.

Aaron is a certified arborist through the International Society of Arboriculture, a certified tree risk assessor and a certified pesticide applicator.
