

**BARTLETT  
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

## Meet Your Bartlett Arborist Representative

### Cassandra Bryant

Cassandra developed an appreciation of the landscape industry through her father and found herself drawn to Arboriculture. She earned an Associate of Environmental Science from Housatonic Community College. Cassandra managed tree preservation and maintenance at Rayzor's Edge Tree Service until 2023 when the plant health care division of the business was sold to Bartlett Tree Experts. Cassandra joined Bartlett Tree Experts and holds a hybrid position as an Arborist Representative and Plant Health Care Specialist.

A Connecticut Licensed Arborist and an Ornamental and Turf Care Professional, Cassandra is also Tree Risk Assessment Qualified (TRAQ) through the International Society of Arboriculture. She is passionate about preserving and maintaining trees and enjoys helping clients make informed decisions for the care of their trees and shrubs.

In her free time, Cassandra stays involved. She serves on the Stratford Conservation Commission, where she always volunteers her time and expertise. She's a member of the Connecticut Tree Protective Association and a devoted volunteer with the Women's Tree Climbing Workshop (back in 2018 she won the Connecticut Tree Climbing Competition). Cassandra enjoys encouraging native ecosystems and enhancing wildlife habitats. She manages a monarch waystation on her property in Stratford.
