

**BARTLETT  
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

## Meet Your Bartlett Arborist Representative

### Chad Clink

Chad's passion for trees helps him to provide high quality care with a goal towards preservation. In his youth, working outside in the garden and taking long walks in the woods led him to develop an interest in outdoor careers.

As a student at Kent State, Chad took arboriculture and urban forestry classes to refine his career pathway leading to employment in the tree care industry. After graduating with an Associate and Bachelor's degree in Horticulture, he worked across the country as an arborist and urban forester providing expertise to various communities. Chad was able to achieve the Board Certified Master Arborist credential and complete his Master's degree from the University of Idaho in Natural Resource Management.

Recently, he became a Registered Consulting Arborist with the American Society of Consulting Arborists. Chad is also a Municipal Specialist and Tree Risk Assessment Qualified with the ISA and a Licensed Commercial Applicator with the Ohio Department of Agriculture.

For over seven years, he has enjoyed working as both an arborist and urban and community forester, while giving back through education and outreach with the Ohio Chapter ISA.

Chad enjoys advising his clients about their landscapes and putting his expertise to use for them as a Bartlett Arborist Representative.

You will find Chad hiking with his wife, three sons and two dogs in his free time.
