

Meet Your Bartlett Arborist Representative

Daniel Drennan

Dan has had a love of the outdoors since he was young, growing up fishing and hunting with his family. After earning his bachelor's degree in Criminal Justice from Stephen F. Austin State University, Dan joined Bartlett Tree Experts in 2018. Arboriculture suited him, he stayed and moved up, gaining knowledge and experience in roles of Arborist Climber, Plant Health Care Specialist, and Crew Leader prior to becoming an Arborist Representative.

An ISA Certified Arborist, Dan focuses on helping clients maintain their trees and shrubs with proper soil care, integrated pest management programs, and correct pruning techniques. He is enthusiastic about using Bartlett's scientific tree care to enhance your landscape.

Outside of work, Dan enjoys spending time at his family ranch, where he can be found in the woods or on the pond. Whether at work or on his own time, Dan's favorite place to be is outside.
