

**BARTLETT  
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

## Meet Your Bartlett Arborist Representative

### Edward Sinnott

Edward (Eddie) is originally from New York where he discovered his passion for the great outdoors early on while working a summer job at a local park. Eddie has a bachelor's degree in Environmental Sciences from Stony Brook University. After college, he worked 'from the ground up' building experience and a career in the tree care industry. He started as a ground man and climber, quickly advanced to leading a crew and then transitioned into plant health care with the Care of Trees back in New York. Eddie moved to California in 2019 and has worked in southern California as an arborist since. Eddie joined Bartlett Tree Experts in 2021.

Eddie is a Certified Arborist with the International Society of Arboriculture and has a DPR Qualified Applicator License. He loves helping clients make informed decisions about preserving and improving the health and beauty of their trees and shrubs.

In his free time Eddie enjoys spending time with his dogs, going on hikes, and enjoying the California sunshine. You may catch him at the beach with his wife and friends, surfing and soaking up the sun.
