

**BARTLETT
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Jaime Matthews

Jaime brings a new and different approach to the tree care experience.

Earning a degree from University of Kentucky in Plant and Soil science, Jaime enjoys viewing plants and trees from the soil up. His background as a golf course superintendent at Colleton River and Wexford along with his eye for detail help play a key role in that process.

Jaime knows and understands the local climate very well. He has lived in the area since 2007. Like everyone that has lived here during that time, he's experienced hurricane seasons and the after storm clean-up.

Jaime loves his coffee and will never turn a cup down. In fact he met his wife waiting in line at a local Starbucks. Together they have 2 kids and in his free time, he is busy chasing them both around.
