

**BARTLETT
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Jean-Mattieu Daoust

Jean-Mathieu found his passion for plant life and arboriculture at the young age of 9. He decided that his career would be related to botany. He got his first job in the industry at the age of 16 at a local garden center where he worked the tree lot. Upon graduating high school, he immediately enrolled in the Ornamental Horticulture program at Olds College in Alberta, where he obtained a Diploma in Arboriculture. He earned a Bachelor of Applied Science Degree in Landscape Management. He successfully started, ran, and operated a Tree Care Company for over 15 years. Jean loves sharing his lifelong passion, experience, and knowledge with anyone he interacts with. He is involved in the ISA Prairie Chapter Board of Directors, as well as the Society for Commercial Arboriculture. He is also an active participant in local ISA tree climbing championships. Jean's other qualifications and certifications include ISA Certified Arborist, Tree Risk Assessment Qualification, and Alberta Licensed Pesticide Applicator. He volunteers for local garden groups by providing education around tree care and risk assessments.
