

**BARTLETT
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Jordan Foreman

Jordan grew up exploring the natural areas around South Brunswick, New Jersey. Interning at the Rutgers Botanic Gardens ignited his passion for plants. He earned a BS in Ecology, Evolution and Natural Resource Management from Rutgers University in 2014. Jordan then completed Longwood Gardens' Professional Horticulture program. There he learned that North Carolina offers a lot to the world of horticulture and relocated to the state in 2018 and joined Bartlett Tree Experts in Durham/Chapel Hill.

An ISA Certified Arborist, Jordan is experienced in all aspects of arboriculture, and he is backed by the diagnostic support of the Bartlett Research Laboratories. He and his team can answer your tree and shrub care questions and provide recommendations that will keep your landscape healthy, safe and beautiful for years to come.

In his free time, Jordan loves to travel and explore gardens, natural environments and cultures all over the world. He loves to enhance his knowledge of places and people and is excited to share his passion for plants with anyone who will listen.
