

**BARTLETT
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Liam Carberry

Liam graduated from Wheaton College Massachusetts with a Bachelor of Arts degree in Business and Management in 2021 and began working at a large finance firm. However, it wasn't long before he realized his love of the outdoors and being hands-on at work were crucial for his happiness. Liam joined Bartlett Tree Experts in 2022. He uncovered his passion for scientific tree care as a Plant Health Care Specialist and went on to become an Arborist Representative.

As an Arborist Representative, Liam is backed up by the expertise and diagnostic resources of the Bartlett Research Laboratories. He also has a Rhode Island and Massachusetts Commercial Pesticide Applicators License. Liam enjoys working with clients in Narragansett and Block Island to help them achieve their arboricultural goals by providing inspections, disease or pest diagnosis, and structural pruning recommendations.

In his free time Liam is an avid car enthusiast and enjoys rally racing. He also enjoys camping, rock climbing, ATVs, and pretty much any other outdoor activity.
