

**BARTLETT  
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

## Meet Your Bartlett Arborist Representative

### Michael Ray

Michael is a graduate of SUNY Stony Brook and holds a Bachelor of Science in Biology with an Environmental Specialization. At Stony Brook, he was involved in performing field work for invasive species management while interning as a Research Assistant for the Ecology and Evolution Department.

After graduation, Michael developed his love and knowledge for arboriculture while working on the Asian Long-Horned Beetle Eradication Program. This initiative tasked him with surveying trees in dense vegetative woodlots and suburban areas on Long Island for the invasive Asian Long-Horned Beetle.

Now, as a Bartlett Arborist Representative in Westbury, Michael is looking forward to building relationships with his clients in Queens County and helping them to find solutions to their plant and landscape needs.
