

Meet Your Bartlett Arborist Representative

Nolan Mathis

Nolan grew up in Arizona in Central Phoenix, where he developed a love for plants and the environment while hiking and fishing with his father. This led him to seek out a job at a nursery while in high school. During that time he learned a great deal about plants and soils.

Nolan then studied Natural Resource Management at Sul Ross State University in Alpine Texas. This time spent in the Big Bend region of west Texas allowed him countless opportunities to pursue his love of hiking, camping, fishing, and rafting.

Nolan has been a Plant Healthcare Specialist in our San Marcos office for the past 7 years. He also served as the Local Office Safety Coordinator. Nolan may have already cared for your landscape plants.

An ISA Certified Arborist and a Certified Tree Care Safety Professional, Nolan holds a commercial pesticide applicator's license with the Texas Department of Agriculture.

He is the father of two children, four dogs and a cat. Nolan and his children enjoy fishing in the San Marcos River, hiking in state parks, vegetable gardening and other outdoor activities. As an avid gardener, he can relate very well with his client's interests in their landscape
