## Meet Your Bartlett Arborist Representative

### Ryan Grabosky

Ryan has a degree from Rutgers University and has been working in the green industry for over ten years. He has spent most of his career in the New Jersey landscape. He joined Bartlett Tree Experts in 2013 as a Grounds Person/Arborist Trainee in Syracuse, New York. He advanced within the company holding each role in production, ultimately finding his passion as an Arborist Representative.

A Certified Arborist with the International Society of Arboriculture and a licensed Pesticide Applicator, Ryan is also backed by the resources of the Bartlett Research Laboratories. He helps clients make informed decisions to maintain the health and beauty of their trees and shrubs, and meet their goals for their properties.

When he is not working, Ryan enjoys hiking and camping, cooking, and spending time with his family.
