

**BARTLETT
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Greg Bradshaw

A native to central Virginia, Greg grew up just outside of Lynchburg. The outdoors and trees in particular have always been a fascinating subject for him, and he is very happy that he has been able to make a career of it.

Greg attended Virginia Tech in Blacksburg and graduated with a Bachelor of Science in Forestry in 2007. After graduation, he worked on a variety of scientific tree care programs with several different agencies, including the U.S. Forest Service in their timber management program located in Lassen National Forest, California, and later for the Virginia Department of Forestry, participating in the Exotic Wood Wasp monitoring program, the American Chestnut Hybridization and Restoration project, and the Longleaf Pine Restoration project. In 2010, Greg accepted a position with Bartlett Tree Experts in the Charlottesville, Virginia office where he obtained his Certified Commercial Pesticide Applicator license and his ISA Certification as a Licensed Arborist. He joined the Marshall, Virginia office in 2013.
