

**BARTLETT  
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

## Meet Your Bartlett Arborist Representative

### Jason Rihn

Jason began his career within the green industry in high school landscaping and mowing lawns. He realized then that whatever career path he chose, it would include working outdoors. Jason graduated from Penn State with an Associates and a Bachelors in Forest Technology and Science. It was at that time that he decided to focus on Horticulture and the care of individual trees.

In 2004, Jason moved to New Jersey to gain experience within the Conservation Arboriculture Industry and to work on some of the most beautiful properties within the Garden State. While there, he became an ISA Certified Arborist and a Board Certified New Jersey Tree Expert. Nine years later Jason and his family moved back to Pittsburgh to join the Bartlett - Irwin team.

His areas of focus include integrated pest management, organic soil care, historic tree preservation, ornamental pruning, and large tree risk assessment. Jason is now an ISA Board Certified Master Arborist.
