

**BARTLETT
TREE EXPERTS**
SCIENTIFIC TREE CARE SINCE 1907

Jess LePore

A New Jersey native, Jessica has had an appreciation for the outdoors since a young age. She earned a Bachelor of Science in ecology, evolution and natural resource management from Rutgers University and worked as a land steward for the Rutgers Ecological Preserve before joining Bartlett Tree Experts in 2015. Jessica held positions of Groundperson and Plant Health Care Specialist prior to Arborist Representative.

An ISA Certified Arborist, Jessica is also Tree Risk Assessment Qualified, a New Jersey Licensed Tree Care Operator, is a Certified Tree Safety Professional, a NY/NJ Certified Pesticide Applicator and has a certificate in Environmental Geomatics from Rutgers University. Jessica uses her education and experience, and her access to the diagnostic resources of the Bartlett Tree Research Laboratories, to help clients maintain the beauty of trees and shrubs in their urban landscapes.

In her free time, Jessica enjoys spending time in the woods with her partner and their two daughters, exploring the same curiosities that first inspired her love of nature. She also enjoys playing guitar, cooking, and is working toward becoming a private pilot.
