

Meet Your Bartlett Arborist Representative

Joshua Lehmann

Josh's passion for tree care started young, while working on his family's Christmas Tree Farm. The farm has been a Lehmann family business since 1962. He quickly developed more experience performing landscape installation and development in high school.

During his college years at Eastern Connecticut State University, he studied Business Administration while he operated his own small landscape design business. He helped grow the family's Christmas tree business into a thriving LLC. However, Josh wanted to further explore insect and disease management to add to his experience.

He began his career at Bartlett Tree Experts in 2016, becoming a Plant Health Care Specialist performing various programs. Josh brings all the knowledge of tree care he has achieved to his clients' properties. His focus is on communicating and developing relations with his clients.

Josh lives in Manchester, CT. He spends his free time working on the Lehmann farm to help care for the Christmas trees there.
