

**BARTLETT
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Joshua Nadler

Josh has been working in the tree care industry since he was 15 years old. His first job was driving a tractor for a local nursery in Missouri. Those early roots took a strong hold and really fueled a passion for this field of work. In 2004, Josh achieved the status of ISA Certified Arborist and went on to earn a B.S. in Plant Science from the University of Missouri, Columbia. Feeling a bit adventurous he then moved to Oregon to intern at a tree nursery for a year. After this scenic year between the Pacific Ocean and Mt. Hood he decided to pursue higher education which brought him to Maryland. Josh attended the University of Maryland, College Park and earned a M.S. in Plant Science, with an emphasis in Plant Breeding and Genetics, through a partnership with the USDA. As a graduate student at UMD he started working with the Campus Plant Inventory which transitioned into the position as the Campus Arborist which he held for 6 years. Josh enjoys promoting and discussing newer selections and cultivars of trees and shrubs used in the ornamental landscape; as a matter of fact Josh even has a patent and registered trademark on a tree! Josh looks forward to representing Bartlett Tree Experts and assisting you with your tree and shrub care needs.
