

**BARTLETT  
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

## Meet Your Bartlett Arborist Representative

### Neil Campbell

Neil began working at Bartlett Tree Experts, East Grinstead office, in 2009 after gaining his level 3 national certificate in Arboriculture. Since then he has gained extensive experience in all areas of tree work before training further to become a Plant Health Care Technician for the office. Neil was the Plant Healthcare Technician in East Grinstead for seven years, gaining a wide breadth of knowledge in plant pests, diseases and disorders as well as their impact on the overall plant health of our clients' trees and shrubs. In addition to these responsibilities, he assumed the additional role of Local Safety Coordinator to ensure all operations continue to meet the highest standards. As an Arborist Representative he looks forward to advising clients about their property care.

Neil has a particular passion about our impact on the environment and biodiversity and welcomes any opportunity to change attitudes within arboriculture to reduce our impact on the world we live in.
