

**BARTLETT  
TREE EXPERTS**

SCIENTIFIC TREE CARE SINCE 1907

## Meet Your Bartlett Arborist Representative

### Nicholas Vallas

Born in the Elm City of New Haven, Connecticut, Nick's favorite tree is the American Elm. In 1999, Nick started his career in turf management but gravitated to his true passion of trees after three years.

In 2009, Nick moved to the South Shore and joined Bartlett Tree Experts to continue his passion for scientific tree care. Nick has a state license in both arboriculture and turf care. He is a Certified Treecare Safety Professional through the Tree Care Industry Association and is a Certified Arborist

through the International Society of Arboriculture. His extensive training at the F.A. Bartlett Tree Research Laboratory has given Nick a unique insight to the diagnostics and treatments necessary for comprehensive plant healthcare. He has found arboriculture to be a natural fit, giving talks at garden centers and garden clubs as well as helping guide town tree wardens, property managers, and residential homeowners.

Nick gets enormous satisfaction working with trees and sharing his knowledge to help both people and plants.
